

Old North State Posse's 16th Annual (2022) Shoot for the Loot ONSP's Club Points Championship Challenge

The 2022 Shoot for the Loot program includes all 2022 ONSP club members – if you become an ONSP member then you are included in the fun. The program is based upon earning points at all ONSP matches for the year (Jan. thru Dec.). The NC State Championship match which is currently on the ONSP November match date is not part of this program. The accumulated points by each participant over the duration of the program will determine the final rank and awards in each SASS category with participants.

This will be a 12 month program (Jan. thru Dec.) with each ONSP club member earning points in each monthly match they attend in 2022. The 2022 Shoot for the Loot awards will be presented in Jan./Feb. 2023 after all of the ONSP matches for 2022 have been completed and the awards acquired.

Match Points Schedule (per match)

Attendance: 1 point for each match you attend regardless of category shot.

Note: You will get credit for attendance regardless of what category you shoot each month – you just have to be there. If you attend a match and provide match support but do not shoot, you still get a point. If you help setup on Friday but cannot shoot the match, you get a point.

Shooting Category:

5 points for first place in category

4 points for second place in category

3 points for third place in category

2 points for fourth place in category

1 point for fifth place in category

All SASS recognized categories as of Jan. 1 2022 are available. In addition, a Wild West Cowboy/Cowgirl category is recognized for those participants that want to shoot in multiple categories during 2022. Your place in the Wild West category is determined with respect to the other Shoot for the Loot participants in the category you shoot each month. You must shoot the category you designate at least twice during the year to receive an award in that category – no one and done.

Clean Match: 5 points

You get 5 points for a clean match. Note: You will get credit in your Shoot for the Loot category of record for a clean shoot regardless of which category you were shooting in when you had the clean shoot. So if you shoot out of category for a month and have a clean shoot, you will get credit for it.

ONSP Annual Big Iron Showdown Match: Double Points

All ONSP members who shoot in ONSP's Big Iron Showdown match will receive a double point bonus – normal point totals are calculated and then doubled. If you shoot in any of the Big Iron categories or the SASS NC Black Powder Match, you will receive points per your normal Shoot for the Loot category – no penalty.

Shoot for the Loot Category Rules

With the exception of one special shooting category, you may only accumulate points in the shooting category you designated for your Shoot for the Loot category at the start of the year. You may shoot in other categories during the year but you will only be awarded points for shooting in the category you have designated as your Shoot for the Loot category at the start of the year. Choose your category wisely!! For those cowboys/cowgirls who like to shoot in different categories during the year, we have the wide

open Wild West Cowboy/Cowgirl shooting category. You may shoot in a different shooting category at each monthly match and accumulate points each month if you designate the Wild West Cowboy/Cowgirl as your category. The place in category points awards at each match are determined by your rank in category against the other Shoot for the Loot shooters in that category for that month. This would include Wild West Cowboy/Cowgirl shooters in a category that month.

If you are shooting in an age based category and have a birthday during the year that allows you to move to a more experienced age category, you can only accumulate points if you continue to shoot in the Shoot for the Loot category you designated to start the year. For example, if you start the year as a Senior and after a birthday are eligible to shoot Silver Senior, you will only accumulate category points if you continue to shoot the Senior category. Your choice !! You will always get the one point for attendance regardless of what category you decide to shoot.

Year End Attendance Bonus Points (earned and applied after the last Dec. match)

- 6 points for attending all but 5 matches.
- 7 points for attending all but 4 matches.
- 8 points for attending all but 3 matches.
- 9 points for attending all but 2 matches.
- 10 points for attending all but 1 match.
- 15 Points for attending 100% of all matches for the year.

If a match is cancelled, it is eliminated from the attendance bonus calculations. You have to shoot at least half of the matches actually held in a year to receive attendance points. For example, if only 8 matches are held due to weather cancellations, then you have to shoot at least 4 matches to receive attendance points.

Past ONSP Shoot for the Loot Champions

- 2007 – Sam Carp
- 2008 – AR Stoner
- 2009 – Flat Iron
- 2010 – Hugh Damwright
- 2011 – KTown
- 2012 – Tracker Mike
- 2013 – Doc Perry
- 2014 – Whisky River Bill
- 2015 – Doc Perry
- 2016 – Rubicon Ryder
- 2017 – Myra Venge
- 2018 – Doc Perry
- 2019 – Barbwire Benn
- 2020 – Rubicon Ryder
- 2021 – Rubicon Ryder and Myra Venge (we had a tie !)
