

Old North State Posse Chronicle 2017 Mid Year Update

Old North State Posse 2017 Activities

For Old North State Posse, the first half of the 2017 year was very active but mostly for reasons that were not very productive for ONSP. The working relationship with RCWA and their internal politics have continued to evolve after the 2017 RCWA board elections. The RCWA board has subsequently made numerous changes in the ONSP operational procedures with respect to using the RCWA range facilities for ONSP matches. This has taken a lot of time and effort to accommodate. One of the major impacts of the RCWA changes was increasing the per shooter RCWA match fee from \$5 to \$10 which resulted in ONSP match fees going up \$5. The following is a recap of the major activities which the ONSP team tackled during the first half of 2017.

- The seventh annual The Big Iron Showdown match was held on a fine Sat. in April. We had 71 participants this year. The SASS NC State Black Powder Championship was again included as part of the match with 22 of the 71 participants smoking it up. These were new high numbers for the ONSP annual match! This annual match April date appears to work well and will be used again in 2018 for the eight annual match -The Big Iron Showdown.
- Targets and Target Stands:
 - No activity.
- ONSP Equipment Shed:
 - The equipment shed was repainted in the first half of 2017. New trim was installed. It is hoped this will stabilize the weathering for a few years and then address new siding. The new lighter color has reduced the heat build-up in the building which was a nice effect.
 - The ONSP signage on the equipment shed was reinstalled after being refurbished after the shed was painted.
 - After extending the shelter on the back of the shed out to the fence line in 2016 – some finish up work was completed in 2017. So this project is finally complete.
- Prop Activities/Efforts:
 - Long Branch Louie built some new improved brass shakers for returning shooter brass. They handle more shooter brass and allow each shooter to dump the brass – speeds up the process. Thanks !
- RCWA related news:
 - A sixth berm at the bottom of the expanded parking area was completed and made operational. ONSP built the new loading and unloading tables for the new berm – donated to RCWA.

- New range access gates and procedures are being implemented – still working through the impact of those processes on ONSP monthly matches.
 - As a result of a change in direction of the RCWA board after the Jan elections, ONSP has been required to change a number of our operational procedures. The ONSP monthly match operation was moved from the RCWA club house to the RCWA class room facility. Roughly the same size of floor space – still working through the changes to make it as efficient as possible.
 - One of the major changes from RCWA was the doubling of the per shooter match fee from \$5 to \$10. This has resulted in a \$5 match fee increase for shooters at ONSP monthly matches.
- We continued cleaning up and organizing the prop storage areas – keeping the green stuff cut down, getting rid of props that are no longer useable and keeping the bee population under control.
- On-line Resources:
 - Tracker Mike has continued maintaining the ONSP web site (www.onsp.us). We are always happy to add your cowboy profile to the website or update an existing profile. Just send your request to Mike at trackermike@ymail.com
 - Continued maintaining the ONSP Facebook site – thought we would see how that might be used to keep up with and discuss ONSP activities. This is primarily intended for ONSP members/regulars.
 - ONSP also continues some financial support when requested for the Carolinas Cowboys website which benefits all of the cowboy clubs in the area.
- Upgraded the SASS scoring software a couple of times as well as the range laptop computer software. We have started looking at some different scoring software that has a much more integrated approach to capturing scores in real time on the berms. Requires some capital investment for a fairly robust Wi-Fi setup. Noticed at least one other shooting venue at RCWA (IDPA I think) is using a similar type setup now. This effort has been delayed because of the time and effort to move the ONSP match process from the RCWA clubhouse to the RCWA classroom facility.
- ONSP membership (yearly membership runs from Jan. thru Dec.) is up from last year. We currently have 62 ONSP members for 2017 – up from 61 in 2016. Thanks for the support !

Old North State Posse Plans for Second Half of 2017

So what are some of the areas that we would like to address in the second half of 2017 and beyond? As usual we have a list of things we think that we need to eventually address. As you will notice, there are plenty of opportunities for club members to participate in some of the activities that it takes to keep ONSP operating effectively. Just get in touch with a Board of Director member if you see an activity with which you would like to assist.

- The ONSP membership feels very strongly that we need to continue our efforts around both recruiting new folks to cowboy action shooting and helping new participants get started and improve. The following will be the focus for 2017.
 - Making sure we have a good process at monthly matches to identify potential new participants that drop by and watch. Please take the time to welcome visitors and be willing to answer any questions they may have. Make them feel welcome. We have handouts which are in the back of the scoring notebooks available at each match - make sure they are offered a copy.
 - Make sure we identify new cowboy action shooters (first time shooters) at each match and make sure that we have good mentors/coaches assigned for their first match or two. Help the new folks start off on a positive note.
 - We continue to try to update the ONSP web site info to try to better identify what new cowboy action shooters should expect and how to get ready to participate.
 - We currently have no 2017 new shooter clinics scheduled at this time. If we have interested parties, we are happy to schedule a Sunday afternoon. We also will continue to be available at the Friday setup sessions for potential new cowboy shooters that would like to come try it out. We would like to ask that we get a heads up if someone is interested in dropping by on a Friday setup day so we can be prepared. We are also going to try to use our regular monthly matches for allowing potential new shooters some opportunities – we have occasionally done this in the past.
- ONSP will continue to work with the North Carolina Cowboys, Inc. to support the annual NC State Championship match, The Uprising at Swearing Creek, and help to make this a successful event in 2017 – Nov. 2 – Nov. 5 .
 - This will include a work day or two to get the props and equipment ready. Keep an eye open for a notice on the workday(s).
- ONSP will continue running a full set of fun monthly matches. Remember the following schedule of events for 2017:
 - The NC State Championship match will occur on the ONSP November monthly match date. This will be Nov. 2 – Nov. 5.
 - The ONSP annual match, The Big Iron Showdown, will be held on the regular 1 April match date. Match details and applications are available on the ONSP website (www.onsp.us).
 - Monthly match opportunities:

- We are always looking for help with target setup on Friday afternoon before our monthly matches. They usually get together around 2:00 to 2:30 at the range. Thanks to our usual setup crew – KTown and Papa Chet who usually write the stages, Ace of Clubs, Rosebrook Kid, Tex James, Whiskey River Bill, Joe Danby, Rubicon Ryder, Myra Venge and Layden Payde.
 - Would someone like to learn how to use our scoring software to do monthly match registration and scoring? We badly need some help with this match function. Yes being comfortable using computer based software is a requirement. Matches will be cancelled if we do not have anyone available to handle this function. See Tracker Mike if interested.
- The maintenance of the ONSP equipment shed and the grounds immediately around the ONSP equipment shed is the responsibility of ONSP.
 - Some monthly maintenance to keep the green stuff under control. Some assistance with this effort would be appreciated – you just need some weed eater skills
 - We need additional shelter capacity for prop storage. The shelter on the back of the equipment shed has been extended and closed in. The addition of an additional storage shed will be evaluated as funds become available.
 - We will be doing some refurbishment work on the range tables prior to the state match – new carpet and/or stability repairs. May even add some new small tables for use on the firing line. We are going to build new loading/unloading tables for the new berm.
- With our target inventory needs addressed, we continue to look at both adding some specialty target stands to provide some different target scenarios and refurbishing some of the older pole target stands as money allows.
- The range trailer badly needs a new bed. We are also looking at acquiring a new small utility trailer for use with the 4 wheeler.
- We will continue to refurbish some existing props as time and money allows.
 - As always, there is some train car refurbishment needed – clean up and painting.
 - The fences need some refurbishment work.
- We will continue to look for some opportunities to add some new props to the ONSP inventory and repair some of the existing stuff. Probably will schedule some repair work as part of the preparations for the NC State Championship.
 - We would like to add another saloon themed frame store front with traditional saloon type door (doors have been donated by Stonefire Slim/Colorado Aspen). Maybe add a saloon bar.

- Build a new coffin.
 - We would like to create some new horse props on which we could mount some saddles (we have saddles) for use in that shooting from horseback experience.
-
- Reminder: We still have a supply of ONSP badges now available. As usual, these are sold at the club's cost - \$50. See Train Wreck or Tracker Mike if you would like an ONSP badge.

We have about 62 ONSP members in 2017 which is normal for our annual numbers which are usually in the 60s. Our yearly membership fees are used to cover most of the ONSP annual liability insurance bill which is our largest recurring expense so your support is appreciated !

From the ONSP Board of Directors, we would like to thank all of the ONSP membership and those non-members as well who have provided their support to make this a successful first half of 2017 for ONSP !! It takes the help of all of the membership to make the operation of ONSP a sustainable and successful process. Again the ONSP Board does appreciate the feedback from the membership on what is working and what is not working.
