

ONSP Hall of Fame

This will initially focus on recognizing cowboy action shooters who have shot ONSP monthly matches on some regular basis (may or may not have been an official ONSP member) over the years and won SASS World and National titles during their cowboy/cowgirl careers. This criteria for being included may change over time since many equally qualified shooters have passed through ONSP that had neither the time nor financial resources to travel to the distant SASS World and National championship matches. So let us hear from you – need your award (world or national), category and year. Send us your credentials to trackermike@ymail.com....
